

ACCESSIBILITY FOR ONTARIANS WITH DISABILITIES ACT, 2005

2014-2021 Multi-Year Accessibility Plan

INTRODUCTION:

In 2005, the Ontario Government passed the Accessibility for Ontarians with Disabilities Act (AODA), which requires that Ontario be an accessible province by 2025. It has introduced a phased-in approach to the implementation of requirements through regulations under AODA. To help public, private and not-for profit organizations identify, prevent and remove barriers to accessibility, the AODA sets out specific accessibility standards in five areas; Customer Service, Information and Communications, Employment, Transportation, and the Built Environment.

This Eight-year Accessibility Plan builds on past planning and consultation. Columbia International College will continue to build on and develop operational policies and guidelines for employees as outlined in this plan. It is a living document that outlines our goals and objectives. This plan shall be made available in alternate formats on request.

OUR COMMITMENT:

Columbia International College is committed to treating all people in a way that allows them to maintain their dignity and independence. We believe in integration and equal opportunity and are committed to meeting the needs of people with disabilities in a timely manner. We will do so by preventing and removing barriers to accessibility and meeting accessibility requirements under the Accessibility for Ontarians with Disabilities Act (“AODA”).
